GREGORY S. MARTIN GENERAL UNITED STATES AIR FORCE (RETIRED)

Former Commander Air Force Materiel Command

Gregory “Speedy” Martin is employed as a Senior Fellow for the National Defense University in support of the Pinnacle, Capstone, and Keystone programs.

General Gregory S. Martin retired from the United States Air Force on 1 September 2005 after thirty-five years of active commissioned service. His final duty was as the Commander of the Air Force Materiel Command where he commanded nearly 80,000 personnel who are charged with the responsibility for the Air Force Science and Technology, Acquisition Support, Test and Evaluation and Weapons Systems Sustainment and Logistics missions. During his tenure in this duty, General Martin initiated the most significant organizational and process transformation in the history of the Air Force Materiel Command. Centered around the “Lean Engineering Model”, AFMC achieved unprecedented “on time” maintenance and logistics performance improvements while at the same time reducing costs to the operational commands by 20%.

In his previous assignment, he was the Commander of the United States Air Forces Europe, Air Component Commander US European Command and the Commander for NATO’s Allied Air Forces North. In those capacities, he commanded the United States, Alliance and Coalition Air Forces during Operations Northern Watch (Northern Iraq No-Fly Zone) Joint Forge, Joint Guardian (Bosnia and Kosovo), and Atlas Response (Mozambique Flood Relief). Additionally, he commanded the joint and allied air forces in the European theater of operations as they conducted long range combat employment missions, humanitarian relief, special operations sustainment, and the largest post-WW II combat airdrops as a part of Operations Enduring Freedom and Iraqi Freedom.

A career fighter pilot with more than 4600 flying hours, mostly in the F-4 and the F-15, General Martin flew as a combat ready pilot, flight leader, instructor pilot, operations officer and squadron commander in various assignments throughout the world to include a combat tour in Southeast Asia where he flew 161 combat missions. He also commanded three fighter wings: The 479th Tactical Training Wing and the 33rd and 1st Fighter Wings.

General Martin also had a rich variety of staff assignments which included operations and training, programming and budgeting, joint operations and force planning, joint and Air Force operational requirements and Air Force Acquisition. His senior level positions included being the Vice Director, and acting Director, of the Joint Staff’s J-8 Directorate, Director of Air Force Operational Requirements and Principal Deputy to the Assistant Secretary of the Air Force for Acquisition.

Since retiring, General Martin has performed Senior Mentor duties with the Joint Forces Command. He has served on two Defense Science Board Studies, has been selected as the Chairman of the National Academies Air Force Studies Board, Board of Directors and the MITRE Air Force Advisory Board. He is also a consultant to many defense sector firms (see page 2).

CAPSTONE Staff

Gerard “Gerry“ M. Mauer, Jr.
Director
Capstone, Keystone, Pinnacle

Rear Admiral Mauer retired from the Navy in March 2008 after over 31 years of service, which included extensive experience in fleet operations, resource management, technical innovation, Joint Professional Military Education (JPME), interagency coordination, and leading organizational change in NATO and joint commands.

From 2008 to 2011, RADM Mauer was a Group Vice President for Sabre Systems Inc. He was responsible for developing then implementing the corporate strategic plan and managing the Southeast Region’s profit and loss operations, its contracts, corporate business development, human resources programs, and Capability Maturity Model Integration (CMMI) level III attainment. After leaving Sabre Systems, RADM Mauer had positions as an Associate with Burdeshaw Associates, as a Senior Analyst for Wikistrat, as a Board member and Board Treasurer for the Navy Safe Harbor Foundation, and as a representative and the national Co-Chair for the US Global Leadership Coalition’s Veterans for Smart Power.

Admiral Mauer’s last position in the Navy was from 2006 to 2008, when he served as the Commandant, Industrial College of the Armed Forces (ICAF). He was responsible for executing the congressionally mandated and accredited master’s degree senior Professional Military Education curriculum. As a university leader, he directly supported the direction of the National Defense University and was a key member in the development of the University’s strategic plan.

From 2003 to 2006, he served as the NATO Allied Command Transformation’s Director, Joint Experimentation, Exercises, and Assessment, where he developed and implemented NATO’s largest Concept Development and Experimentation program. The scope included creating NATO’s transformation strategic vision and aligning the vision with its concepts and requirements. As a result of his initiatives, NATO rapidly implemented new processes, policies, and systems in support of its forces in Afghanistan and Iraq as well new capabilities to support its political and military infrastructure in NATO headquarters.

From 2001 to 2003, he was the Deputy, Directorate for Information Operations (J39/DDIO), Joint Staff Director of Operations (J-3) where he was responsible for direct coordination with the Office of the Secretary of Defense staff, Combatant Commands, and interagency organizations in their global information operations. In this capacity, his responsibilities also included supervision and operational coordination of the Joint Staff’s Special Technical Operations information system and its programs.

Admiral Mauer graduated from Villanova University and the Naval Postgraduate School. He was a Naval Aviator who commanded Helicopter Antisubmarine Squadrons SEVEN (HS-7) and TEN (HS-10) in addition to assignment as the Commanding Officer of USS NASSAU (LHA 4). He has vast experience at sea with deployments to the Atlantic Ocean, Mediterranean Sea, and Arabian Gulf. Ashore assignments included: Naval Postgraduate School student, Assistant Program Manager for the Naval Air Systems Command SH-60F/H helicopter program (PMA 266), and Training Officer and Instructor Pilot in Helicopter Antisubmarine Squadron ONE (HS-1). He started with Capstone in August of 2016.

Bonnie Swanson
Deputy Director
Capstone / Keystone / Pinnacle

Bonnie Swanson is a native of Ellington, CT and a graduate of Ellington High School. After her freshman year at the University of Connecticut, she enlisted in the USMCR. Upon completing recruit training at Parris Island, SC, Bonnie returned to UCONN to continue her studies and reserve service with 6th Motor Transport Battalion, Providence, RI. In 1988 she graduated from UCONN with a Liberal Arts degree (Sociological and Educational Behavior Development) and accepted her commission in the USMC. After completion of The Basic School in 1989 and her assignment as a Military Police Officer, Bonnie reported to MCAS Cherry Point, NC for duty as a Platoon Commander and Services Officer.

In 1992, Bonnie was assigned as the Operations Officer for Recruiting Station, Baltimore, MD. Serving as an OpsO for 3 years, Bonnie was selected as the 4th Marine Corps District Contact Team Officer, Harrisburg, PA. Leading a team of three Master Gunnery Sergeants, the Contact Team trained over 350 recruiters and command group members within a 7 state area.

In 1997 Bonnie received orders to MCB, Camp Lejeune, NC as the Operations Officer, Provost Marshal's Office. She simultaneously served as the Commanding Officer, Military Police Company (330+ Marines) during this tour.

In May of 2000 after 11 years of service, Bonnie resigned her commission to accompany her husband, CWO4 Bret Swanson, USMC on his orders to Washington, DC. Bret retired from the military in 2002 and currently serves in Acquisition and Logistics within the Department of Defense.

In January of 2001, Bonnie was hired by the National Defense University as the Executive Officer of Capstone. Over the years her position has evolved into a Deputy Director position overseeing three courses, Pinnacle (3 star course), Capstone, and Keystone (Command Senior Enlisted course).

Bonnie has numerous military decorations and has attended many military schools, including the Basic Law Enforcement Academy at Lackland AFB, TX and the Advanced Military Police Academy at Fort McClellan, AL. She is still a record holder at UCONN for many soccer goalkeeping statistics, including the most shutouts in a career (41.5).

In 2005 Bonnie completed a Masters Degree in Organizational Management from the University of Phoenix. In 2008, she and Bret built their retirement home in Capon Bridge, WV – where you can find them EVERY weekend.

BIOGRAPHICAL SUMMARY

Name: Lois Nicholson

Role: Counsellor Defence Acquisition and Technology
British Defence Staff US
UK Ministry of Defence
Washington DC

Biography:

Lois has over 25 years experience leading multi-disciplinary teams in the UK Ministry of Defence (MOD) and in industry in the research, design and acquisition of complex military systems across land, sea, air and C4ISTAR domains.

After taking a Masters degree at University College London, Lois joined industry, leading systems engineering teams in major military systems design and development projects, working in cross-industrial, multi-national teams, including in France and Germany.

In 1997, Lois joined the civil service in the Defence Evaluation and Research Agency, where she led a team of scientists, engineers and military in the research of armoured vehicle crew systems and man-machine interfaces. On promotion in 2000, Lois took on wider responsibilities for battlefield systems capabilities, including vehicle systems integration, dismounted soldier technologies and unmanned vehicles. Lois led teams providing independent technical advice to the BOWMAN tactical comms system and Future Integrated Soldier Technology acquisition programmes. In 2001, Lois' post was transferred to the newly formed QinetiQ organisation, and she once again worked in the private sector.

In 2004, Lois rejoined the civil service in the Defence Science and Technology Laboratory (Dstl), where she was responsible for leading the Dstl programme of work in support of the Future Rapid Effect System - the UK's largest land armoured vehicle acquisition programme. In 2006, Lois was also appointed as a Programme Manager responsible for delivering the programme across a combined MOD and industry team.

In 2007, Lois took up an appointment as Assistant Director in the Directorate of Scrutiny in MOD London, where she led a team delivering technical scrutiny and independent challenge of major land equipment and defence infrastructure acquisition programmes, including equipment for front-line troops in Afghanistan. In this role, Lois provided independent technical and engineering advice directly to the most senior decision-makers within the MOD, including the Chief Scientific Adviser (CSA) and the MOD's 4* Investment Approvals Board.

In August 2011, Miss Nicholson was posted to the British Embassy Washington DC in the role of Attaché Defence Research & Technology. She was responsible to CSA and the Research and Development Board for all aspects of Research & Technology exchanges with the US, covering maritime, land, air, C4I, ISTAR/Space, Counter Terrorism, Cyber, Medical, and Policy and Analysis. Additionally, as part of her responsibilities within the broader British Defence Staff-US, Lois led a strategic audit of activities conducted by UK personnel across the US footprint, as well as formulation of a Campaign Plan designed to deliver focused outputs to meet defence priorities.

In August 2012, on promotion to the Senior Civil Service, Lois was appointed Head of Air-Sea-CIS Scrutiny, leading a high calibre team of professional analysts and engineers with responsibility for the scrutiny and independent challenge of evidence supporting multi-million pound business case submissions to the 4* Investment Approvals Committee (IAC). Her

responsibilities spanned examination of evidence of capability requirement, cost effectiveness and balance of investment, technical solution, programme delivery and technical risk assessment for Air, Maritime and CIS acquisition programmes.

In March 2015, Lois' responsibility increased to include scrutiny of Land, Defence Infrastructure and Business Change programmes, and thus became responsible, as Head of Scrutiny, for the entire scrutiny and independent challenge function within MOD. Lois led the team in delivering independent technical and analysis advice directly to the most senior decision-makers within the MOD, including 3* DG Finance and Chief Scientific Adviser and the MOD's 4* Investment Approvals Board. As a member of the 4* Joint Requirements Oversight Board, Lois advised the Vice Chief of the Defence Staff on robustness of military capability requirements.

In July 2018, Lois was posted to the British Embassy Washington DC in the role of Counsellor Defence Acquisition and Technology, and a member of the British Defence Staff Management Board. Lois leads a team responsible for working with the US in the areas of defence acquisition and trade, research and technology and future capability development. In this role, she is responsible for the cost-effective acquisition, timely management and delivery of a portfolio of \$13bn UK Foreign Military Sales (FMS) programme and Direct Commercial Sales (DCS) with the US; as well as delivering prosperity objectives by supporting specific UK export campaigns, seeking opportunities for UK companies to access US Defence markets. Building on opportunities offered by UK's inclusion in the trusted US National Technology Industrial Base (NTIB), Lois partners with US, Australia and Canada governments to seek ways of building resilience in the industrial base in each nation, including improving access to advanced technologies. On behalf of the UK's Chief Scientific Adviser, she is responsible for the UK/US bilateral science and technology co-operation and the development of future and new collaborative opportunities, and is responsible as the UK deputy for delivering the strategic intent of the 5 Eyes TTCP S&T collaboration. Lois is also responsible for advancing the UK/US next generation capability considerations on behalf of the VCDS, by actively promoting stronger cooperation, and through developing a programmatic approach, aiming to align bilateral cooperation on force development, acquisition, development of operational concepts, and science and technology, with our common strategic ends.

Lois is passionate about supporting the development of others. Corporately, as part of MOD's senior leadership team, Lois leads on behalf of the Permanent Secretary, the SCS Unit Ambassador Scheme, which is successfully delivering on its aim to promote more visibility and engagement of the senior civilian leadership with the wider civil service community across Defence. She also is an active ambassador herself - for HMNB Devonport and 1 Assault Group Royal Marines, where she leads and supports the civilian workforce, including apprentices, STEM group and the Devonport leadership cadre.

In 2013, Lois achieved professional accreditation as a Chartered Manager (Fellow of Chartered Manager Institute), becoming one of the first in the MOD to achieve this professional qualification and recognition.

Lois is an outdoor sports enthusiast and, while she has retired from field hockey, she currently enjoys golf (though not playing well!) and snow skiing. She enjoys listening to classical music, especially choral music.

Office of the Assistant Chief of Staff for Installation Management

Brigadier General Joy L. Curriera
Director, Operations

Brigadier General Joy L. Curriera became the Director of Operations for the Assistant Chief of Staff for Installation Management on July 24, 2017.

As the Director of Operations, Brigadier General Curriera is responsible for overseeing the development and coordination of program requirements, strategy, and policies pertaining to facilities, military construction, energy, real property asset management and BRAC properties that support Army objectives and improves the quality of life for Soldiers, Civilians, and Families.

Brigadier General Curriera graduated from the U.S. Military Academy and received her commission as a second lieutenant in the Army Signal Corps in 1990.

She served her lieutenant years in Germany, with the 1st Signal Battalion, 5th Signal Command; and then the 141st Signal Battalion, 1st Armored Division. Following the Signal Officer Advanced Course in 1995, she was assigned to the 501st Signal Battalion, 101st Airborne Division (Air Assault), Fort Campbell, Kentucky, as the division's telecommunications officer and later as battalion S-1. She commanded the Headquarters and Headquarters Company, 101st Personnel Services Battalion, (PSB); and while in command, she branch transferred to the Adjutant General's Corps.

While assigned at Fort Polk, Louisiana, she served as executive officer for the 5th PSB, and then as the G1/AG Personnel Strength Management Chief for the Joint Readiness Training Center and Fort Polk. In May 2000 Brigadier General Curriera transferred to the Pentagon where she served on the Department of Army Staff as the Operations/Information Management Officer for the General Officer Management Office. Following Command and General Staff College in 2003, she served as the Brigade S-1 for the 1st Signal Brigade, U.S. Army Network Enterprise Technology Command, Yongsan, South Korea. She then returned to the National Capital Region, to serve as the AG Branch and Human Resource Management Functional Area, Majors Assignment Officer for the Army Human Resources Command, Alexandria, Virginia.

Brigadier General Curriera deployed from HRC in support of Operation Iraqi Freedom, in May 2008 where she served as the CJ1 Personnel Strength Management Division chief for the Headquarters, Multi-National Corps – Iraq. Following this deployment, she assumed command of the 46th Adjutant General (Reception) Battalion, 194th Armored Brigade, Fort Knox, Kentucky. After battalion command, she served at the Army Human Resources Command at Fort Knox, as the Integration Branch chief, Field Services Division, The Adjutant General (TAG) Directorate; and then as chief of the Army's Records Management Division.

In June 2013, Brigadier General Curriera graduated from the National Defense University, Fort McNair, Washington, D.C., followed by her command of the U.S. Army Garrison in Japan, Camp Zama, from June 2013 to June 2015.

Before assuming her current duties with the Assistant Chief of Staff for Installation Management, Brigadier General Curriera served as chief of the Brigadier Generals Management Office, Senior Leader Development, Office of the Chief of Staff of the Army. She holds a Master of Science degree in National Security and Strategic Studies from the National War College and a Master of Arts degree in Human Resources Management from Webster University.

BRIGADIER GENERAL (DR.) PAUL FRIEDRICHS

Brigadier General Paul Friedrichs is the Joint Staff Surgeon at the Pentagon, Washington, D.C. He serves as the chief medical advisor to the Chairman of the Joint Chiefs of Staff, providing advice to the Chairman, the Joint Staff and the combatant commanders. He coordinates all issues related to health services to include operational medicine, force health protection and readiness among the combatant commands, the Office of the Secretary of Defense and the services.

General Friedrichs received his commission through the Reserve Officer Training Corps in 1986 and his Doctor of Medicine degree (M.D.) from the Uniformed Services University in 1990. He has commanded at the squadron and group level, served as an Assistant Professor of Surgery and led joint and interagency teams which earned numerous awards, including "Best Air Force Hospital." As the Command Surgeon, Pacific Air Forces, he partnered with the Pacific Fleet Surgeon to develop mitigations for joint medical gaps. While the Command Surgeon for US Transportation Command, he synchronized Joint and interagency efforts and identified and mitigated global patient movement gaps. As the Command Surgeon, Air Combat Command, General Friedrichs's team leveraged the National Defense Strategy to engineer a complete overhaul of ground medical operations requirements, introducing new capabilities into the Expeditionary Medical Support construct to enhance readiness for future near-peer conflicts.
